

# Summer Term in Year 3

## English

### Non Chronological Report - Skeletons and Muscles

Children will learn about the anatomy of a Pangolin and write a report about their habitat, diet and body structure. They learn about the different features of a non-fiction text.

### Instructions - My Strong Mind.

To write instructions on how to deal with problems and how to create a strong mind

### Poetry - The colour collector.

Children will learn about a range of poetry techniques to help them write their own poem.

### Narrative - The Stone Age Boy

Children will make links with life in Stone Age Britain to write a narrative about a child who travels back in time to the Stone Age.

We are reading...

## Discovery

### Stone Age (with a focus on History)

Children will take part in exciting lessons learning about the Stone Age and their ancient society. Children will also learn about the following:

- To generate questions to find out about events in the past, what would you ask a caveman?
- To sequence events on a timeline.
- To understand the importance of Stone Age inventions.
- To understand cause and effect of main events in history.
- To understand how the introduction of farming changed Stone Age life.
- Study life on Skara Brae.

## Key Dates

Compton Verney Stonge Age trip

Thursday 7<sup>th</sup> May 2026

## Maths

### Fractions A

Children will revise & complete Fractions looking at equivalents.

### Mass & Capacity

Using scales to measure mass in g and kg.

Find equivalent masses and compare mass.

Add and subtract in different contexts such as: mass, capacity, volume, and money.

Measure capacity and volume in ml and l

Find equivalent capacities/volumes and compare them

### Fractions B

Add and Subtract fractions

Unit fractions as a set of objects

Reasoning with fractions of an amount.

### Money

Add pounds and pence

Subtract money to find change

## Science

### Plants

- Identify and describe the functions of different parts of flowering plants: roots, stem/trunk, leaves and flowers
- Explore the requirements of plants for life and growth (air, light, water, nutrients from soil, and room to grow) and how they vary from plant to plant
- Investigate the way in which water is transported within plants
- Explore the part that flowers play in the life cycle of flowering plants, including pollination, seed formation and seed dispersal.

### Rocks and Soils

- Compare and group together different kinds of rocks on the basis of their appearance and simple physical properties
- Describe in simple terms how fossils are formed when things that have lived are trapped within rock
- Recognise that soils are made from rocks and organic matter.

### Time

Roman numerals

Tell the time to the minute

Use am and pm

Year, months and days

### Shape

Learn about and compare turns, angles and right angles.

Measure and draw shapes accurately using horizontal and vertical lines.

Learn about parallel and perpendicular lines

Recognise and describe 2D and 3D shapes.

Draw polygons and make 3D shapes.

### Statistics

Interpret and draw pictograms and

bar charts

Collect and represent data

Interpret information from simple 2 way tables.

## Music

### Three Little Birds: Reggae

In this unit, all the learning is focused around one song: Three Little Birds. The material presents an integrated approach to music where games, elements of music (pulse, rhythm, pitch etc.), singing and playing instruments are all linked. As well as learning to sing, play, improvise and compose with this song, children will listen and appraise other Reggae songs.

### Glockenspiel 1

In this unit, the children learning about the language of music through playing the glockenspiel. The learning is focused around exploring and developing playing skills through the glockenspiel.

## PSHE

### Relationships

In this unit, the children will learn about the roles and responsibilities of each member of their family. They will explore the skills of friendship, different strategies for keeping themselves safe online, how the actions and work of people around the world help and influence their life

### Changing Me

In this unit, children will learn some of the ways that boys and girls bodies change on both the inside and the outside as they grow up. Children will know that these changes are necessary for their bodies to make a baby when they grow up.

## Art

### Stone Age Art

The children will be sketching Stone Age man and homes and recreating cave paintings using chalks, paint and pastels

The children will create a simple stone age bag using basic sewing skills.

### Georgia O'Keefe (Artist study)

The children will complete an artist study about Georgia O'Keefe studying her style and trying to replicate this in their sketch books.

## DT

### Survival Shelters

Children will research how Structures are made, more specifically how survival shelters are built.

They will then design and build their own survival shelter using a range of materials and equipment. They will then evaluate their finished product.

## Computing

### Data Handling: Comparison card databases

Children will explore what data is and how to record, collect and sort data on paper and on computerised databases.

### Creating media: Video trailers

Children will develop filming and editing video skills through the storyboarding and creation of book trailers.

## PE

### Summer 1

Striking and Fielding Games, with a focus on Cricket  
Real PE - ball skills, sending and receiving

### Summer 2

Athletics  
Real PE - agility
